FJM Introduces new black finish in popular front opening ShurLok model

Seattle, WA, July 30th 2017: FJM Security Products announces the new addition to their popular ShurLok and KeyGuard lockboxes, the ShurLok II.

The ShurLok is the original dial combination lockbox with years of reliability and durability. It's patented one combination for the shackle and second combination for the key compartment remains the best feature in the market to prevent lockboxes from walking off. This summer, we are introducing another innovation to the ShurLok family of lockboxes, the ShurLok II.

The ShurLok II has the same patented dual combination feature everyone relies on, but comes with a front loading key vault.

ShurLok II features:

- Patented dual combination – one code for shackle and another for key door
- Front facing key vault
- Secure - 10,000 combinations possible
- Durable all-metal construction
- Zero locking- open the ShurLok in the dark
- Easy to use & recombine
- Rust Resistant
- Never Get Locked Out Again!
- Fits 5 to 6 keys
- One Year Warranty
- Imprinting available. Add your logo for marketing value.
- Optional cable available
- Available at a very competitive price!
