Press Release

FJM Innovates Combination Padlocks with new ergonomic shape and front facing dials

Seattle, WA, September 12, 2012: FJM Security Products announces the new addition to our family of FJM Security Combination Padlock Series, now available in an ergonomic shape with short, long, shrouded and shrouded-long shackle versions.

FJM Security's heavy duty, all weather combination padlocks means no longer turning the locks upside-down and squinting at small numbers! The FJM Combination Padlock shackles have no spring loaded components that will corrode or wear out over time and do not need a mandatory reset key or pin that can become lost. To open the shackle, simply set the dials to the correct combination with no additional pulling, pushing or slamming required!

Features:

- Larger, front facing dials
- 10,000 combinations
- Easier to use and reset
- No reset key/pin to lose
- Heavy duty, solid metal
- No internal springs to bind or corrode over time as with current competing products
- Rust and corrosion resistant
- Ergonomic shape
- Great Price!
